

History: Delta Sigma Theta Sorority, Inc. is a private, non-profit public service organization whose purpose is to provide assistance and support through established programs in local communities throughout the world. A sisterhood of more than 200,000 pre-dominately African American college educated women, the Sorority currently has over 900 chapters located in the United States, England, Japan (Tokyo and Okinawa), Germany, the Virgin Islands, Bermuda, the Bahamas and the Republic of Korea.

The Sorority was founded on January 13, 1913 by 22 collegiate women at Howard University and incorporated in 1930. These students wanted to use their collective strength to promote academic excellence and to provide assistance to persons in need. The first public act performed by the Delta Founders involved their participation in the Women's Suffrage March in Washington D.C., March 1913.

The major programs of the Sorority are based upon the organization's Five Point Thrust of:

- Economic Development
- Educational Development
- International Awareness and Involvement
- Physical and Mental Health
- Political Awareness and Involvement
